

Please join us in celebrating a student-sponsored, P.S. I Love You Day, on Thursday, February 13th! Help us remind everyone that they are never alone by purchasing our purple t-shirt, designed for the North Salem community, on the link below, and wearing it on Thursday, February 13th.

[Order your Love Leads the Way Shirt here](#) -Friday, January 27th is last day for orders!

The day, which was created by a nonprofit with the same name, is meant to promote kindness, encourage standing up against bullying, bring awareness to mental health issues and ultimately help prevent suicide. To bring its vision and its slogan that "you are never alone" and "your story is worth telling" to life at schools across the nation, the organization asks that students and others wear purple on this day: February 13th, 2020.

Why purple? They chose purple as it was soft, yet powerful, warm and beautiful. They chose one specific day because sometimes it only takes one day to wake up and turn your whole life around. The goal is to encourage schools and communities to become a sea of purple on P.S. I Love You Day, so the environment is filled with a sense of community, belonging, and love. The hope is that this one day will ignite empowerment and reflection in the participating communities and inspire the constant spread of love.

The High School Student Council, Warriors Club and Peer Leadership are all working together with the school community to host this event. At the MSHS, we will be selling kindness grams along with P.S. I Love You Day bracelets, sharing information around the schools with posters, and decorating the middle / high school purple on the 13th. We will also have daily announcements the week leading up to the event, which highlights these themes of support and kindness.

We hope the whole community can feel the positive impact from this day and the awareness it brings, and hopefully, this can become an annual event at North Salem.
